

The Repair Café and Toy Hospital

The Repair Café is an initiative of the Clean Earth Trust. Through it we aim to reduce the waste we produce as a Bailiwick, increase social cohesion, get people thinking about their wider impact on our planet and introduce small changes to their daily lives to make a cumulative impact.

The Repair Café will be a place where you can bring items to repair and we will seek to provide volunteers to offer advice and materials donated to help you. What is important to our ethos is that you will keep ownership and will do the repair yourself with guidance and support hopefully having fun and gaining knowledge and confidence to undertake other repairs by yourself in future. It will be a place to socialise, share ideas, pass information between generations and tackle loneliness.

Wishlist

-  Volunteers with DIY or sewing skills to attend and guide users.
-  Donations of any materials which could be useful in repair work including (but not limited to) small tools, buttons, bits of fabric (no matter how small or destroyed), glue for wood and plastic, sewing machines, needles, thread. In keeping with our ethos we would ask that you do not buy new items to donate but only pass on bits and pieces you no longer need.
-  Donations of know-how books DIY, sewing etc.
-  Suggestions of things that can be repaired.
-  Creative ideas about how we can improve.
-  Longer term sponsors to help us get to a self-sustaining state; Suggestions or offers for permanent premises for the longer term.
